

Niagara Falls Getaway

scenic railway journey

Between New York City
and Niagara Falls

Four Fantastic Days

2016: June 21-24

A relaxing railway journey featuring breathtaking views of the majestic Hudson River Valley and upstate New York's Mohawk River wine country.

It's a dramatic journey across the Empire State enroute to the refreshing splendors of Niagara Falls. The scenery is incredible as the train twists along the shores of the mighty Hudson River for over 140 miles. Crossing the Hudson you'll enjoy views of Albany the Empire State's proud Capitol. The lush Mohawk River Valley provides our path through the mighty Allegheny Mountains. See boats and lift locks as we follow the famed Erie Canal and learn the role of this waterway in leading the development of New York.

A highlight of your journey will be the delightful meals served in our authentic Pullman Dining Car "Epicurus". Each table offers ever changing views of scenic upstate New York through oversized picture windows. Delight-in Brunch and Dinner prepared fresh onboard and served restaurant style. Gentle motion and soothing music enhance your experience.

You'll have two full days to explore the wonders of Niagara Falls at your leisure. Your Niagara Falls Discovery Pass features admission to popular park attractions including the Cave of the Winds Tour, Maid of the Mist®, Niagara: Legends of Adventure movie, the Niagara Gorge Discovery Center, the Aquarium of Niagara and one day of unlimited transportation on the Niagara Scenic Trolley! And of course enjoy the breathtakingly beautiful evening Falls Illuminations.

The return journey home concludes with a gala twilight farewell dinner and live entertainment. Join the Dining Car Host and your fellow guests for a toast to a wonderful getaway.
